

The gently balanced formula of the lavender serum ALILA will illuminate your skin immediately after the first

application. This "super food" containing natural ingredients will guarantee the toning and rejuvenation of your

skin, by making it tight and elastic.

It has deeply hydrating, revitalizing and nourishing action. It is fully absorbed in depth and does not oil up

unnecessarily.

The high levels of hyaluronic acid, in harmony with the lavender, moisturize immediately, visibly reduce the

unevenness of the skin surface and improve the tone, for dry, oily and combination skin type.

The fine warming, granted by prime Bulgarian lavender essential oil, improves the micro-circulation of the blood

vessels, illuminates the skin tone, helps finding balance in all skin types. It has detoxing properties, by aiding the

cleansing of the skin, reduces and tightens enlarged pores.

Known for its anti-inflammatory and strengthening qualities, the lavender oil is one of the few essential oils with

no contraindications. Its healing effects are attained to the geraniol, borneol, cineol, pinene, camphor, terpineol,

coumarin, linalool and linalyl acetate it contains.

For all skin types.
